

SINCE 1929

A commitment to quality products, value and performance has made Pyroil™ one of the top automotive chemical lines available in the market today. Our complete line of products include fuel additives, sealers and conditioners, brake fluids, power steering fluids, spray lubricants, cleaners and degreasers, oil additives and winter chemicals.

Brake Parts Cleaner

- Contains a fast-acting, clean-drying, non-flammable solvent that exhibits high solvency for brake fluid, oil, grease and dust beyond the capability of regular petroleum solvents
- Aerosol spray helps dislodge surface dirt and oil
- Ideal for electric motors, switches and contacts
- Not for sale in CA or NJ

PYBPC20	18 oz.	12/case
---------	--------	---------

Non-Chlorinated Brake Parts Cleaner

- Non-chlorinated brake parts cleaner formulated to quickly remove brake fluid, oil, grease and brake dust from brake parts without leaving a residue
- PY4003 - Not for sale in CA, CT, DE, MD, NH & UT
- PYNBPC13 - Meets current low VOC regulations. Not for sale in CA, UT, NH, DE, MD & CT
- PYNVOC15 - 50 State Compliant. Meets current SCAQMD rule 1171 regulation.

PY4003	13 oz.	12/case
PYNBPC13	13 oz.	12/case
PYNVOC15	15 oz.	12/case

Parts Cleaner

- Non-chlorinated general purpose automotive cleaner effectively designed to instantly remove brake dust, grease, grime and carbon build-up
- This fast drying, no residue formula can also be used to clean carburetor throats, chokes and throttle plates
- 50 State Compliant - Not for sale in SCAQMD of CA

681047	13 oz.	12/case
--------	--------	---------

Carb & Throttle Body Cleaner

- Designed to remove gum, sludge and varnish from carburetors, chokes and PCV valves
- Contains no chlorinated solvents
- Low-VOC and 50-State Compliant formulas available

PYC16	13 oz.	12/case
PYC16VOC	16 oz.	12/case

Starting Fluid

- Starts gasoline and diesel engines faster even in the coldest conditions
- Combustion ready at -40°F
- For year-round use in cars, trucks, tractors, lawn mowers, chain saws, marine engines and motorcycles

PYSFR11	11 oz.	12/case
PYSFR7.5	7.2 oz.	12/case

Windshield De-Icer

- Melts ice on car windows, thaws frozen door latches and removes road film
- Harmless to auto paint, chrome and rubber parts

PYDI11.5	11.5 oz.	12/case
----------	----------	---------

Penetrating Oil

- Penetrates, lubricates and loosens as it cleans grease, grime, adhesives and scuff marks from most surfaces
- Dries wet ignitions
- Displaces and repels water
- Stops squeaks instantly

596555	11 oz.	12/case
--------	--------	---------

Silicone Spray

- Unique non-staining formula lubricates and waterproofs all types of surfaces
- Protects locks from freezing
- Reduces wear, eliminates sticking, stops squeaks while providing a durable and protective coating

PYSLS10	10 oz.	12/case
---------	--------	---------

Power Steering Fluid

- Formulated to provide maximum performance while preventing wear, corrosion and foaming
- Not recommended for use in Honda or Acura power steering systems*
- Meets GM, Ford and Chrysler specifications*

PYPSF12P	12 fl. oz.	12/case
PYPSF32	32 fl. oz.	12/case

Power Steering Fluid with Stop Leak

- Specially formulated lubricants and additives help prevent leakage and eliminate squealing under severe conditions
- Recommended for year-round use in GM, Ford and Chrysler* vehicles
- Not recommended for use in Honda or Acura power steering systems*

PYPSC12	12 fl. oz.	12/case
---------	------------	---------

DOT 3 Brake Fluid

- High quality brake fluid designed for vehicles with anti-lock (ABS), disc or drum braking systems and wherever DOT 3 fluid is recommended
- Meets or exceeds Federal Motor Vehicle Safety Standard 116 and SAE J-1703
- Minimum Dry Boiling Point 401°F (205°C)
- Minimum Wet Boiling Point 284°F (140°C)

PYBF12	12 fl. oz.	12/case
PYBF32	32 fl. oz.	12/case
PYBF1	1 gal.	4/case

DOT 4 Brake Fluid

- High quality brake fluid designed for vehicles with anti-lock (ABS), disc or drum braking systems and wherever DOT 3 or DOT 4 fluid is recommended
- Meets or exceeds Federal Motor Vehicle Safety Standard 116, SAE J-1703 and SAE J-1704
- Minimum Dry Boiling Point 446°F (230°C)
- Minimum Wet Boiling Point 311°F (155°C)

PYBF412	12 fl. oz.	12/case
PYBF432	32 fl. oz.	6/case
PYBF4-1	1 gal.	4/case

Gas Treatment

- Formulated to keep fuel system clean and prevent fuel system corrosion
- Safe for use in all ethanol blends

PYAG12P	12 fl. oz.	12/case
---------	------------	---------

Fuel Injector Cleaner

- Formulated to remove deposits from injectors and carburetors to help restore power, performance and fuel economy
- Also helps keep fuel system clean and prevent fuel system corrosion
- Safe for use in all ethanol blends

PYAF12P	12 fl. oz.	12/case
---------	------------	---------

Super Concentrated Fuel Injector Cleaner

- Formulated to remove deposits from injectors, carburetors and intake valves to help restore power, performance and fuel economy
- Also helps keep fuel system clean and prevent fuel system corrosion
- Safe for use in all ethanol blends

PYSFV12	12 fl. oz.	12/case
---------	------------	---------

Diesel Fuel Treatment

- Formulated to remove deposits from diesel injectors to help restore power, performance and fuel economy
- Also improves cold flow, reduces gelling and removes water to help prevent fuel system corrosion
- Great for year-round use

PYDF12	12 fl. oz.	12/case
--------	------------	---------
